ECLIPTIC ENTERPRISES CORPORATION

ADVANCED PACIFIC MANUFACTURING

Advanced Pacific Manufacturing Inc. is a full-service machine shop specializing in precision machining services for a wide range of industries. With over 30 years of experience, we provide high-quality, custom machining solutions to meet the specific needs of our customers.

CORE COMPETENCES:

- **CNC Machining:** Our advanced CNC machining capabilities allow us to create complex parts with high accuracy and repeatability.
- **Turning:** We can turn parts up to 22 inches in diameter and 23 inches in length with precision and efficiency.
- **Milling:** Our milling services include 3-axis, 4-axis and 5-axis milling capabilities, allowing us to produce parts up to 60"x30"x26" with intricate geometries and complex shapes.
- **Inspection & Quality Control:** Our in-house Hexagon CMM provides precise dimensional inspection for parts up to 700 × 1000 × 700 mm, ensuring the highest levels of accuracy, consistency, and quality compliance.
- **Fabrication:** We offer fabrication services, including welding and assembly, to provide complete turnkey solutions for our customers.
- **Materials:** We work with a wide range of materials, including aluminum, steel, stainless steel, brass, copper, and plastic.

INDUSTRIES SERVED:

- Aerospace and Defense
- Automotive
- Construction
- Energy
- Medical and Dental
- Packaging and Shipping
- Telecommunications
